Annual Investment Performance

- The underlying investment performance of the Bailador portfolio, measured as the increase in the NTA between 1 July 2015 and 30 June 2016 (pre-tax, adjusted for options exercised), was a pleasing 18.7%.

Investment:

- Bailador finalised the latest funding round for Stackla. During June Bailador invested a further \$1.4m in Stackla at the valuation agreed in February. The funding round also included an investment by a third party, which has resulted in an increase in the carrying value of Bailador's investment in Stackla.

The valuation at 30 June 2016 represents a 13.5% increase on the previous carrying value. The uplift is due to warrants being in-the-money, and the original investment recognised at the value of the current round. The company's latest valuation represents a 42% uplift in value on the original investment made in Sep 2015.

Stackla has continued to perform very strongly with material reinforcement of KPIs and annual ARR growth in excess of 80%. The company has attracted leading global brands such as Universal Music Group, World Rugby, Virgin Holidays and SKY as recent new customers, and has further established itself in the US with key senior hires joining the team in San Francisco.

- The flow of investment opportunities for Bailador continues to be strong. The Manager anticipates making additional investments to the portfolio over the coming months.
