SiteMinder partial realisation and continued investment

ASX-listed technology expansion capital fund Bailador Technology Investments Limited ("Bailador", ASX:BTI) has provided the following update on its investment in SiteMinder (ASX:SDR).

Bailador has today announced it has completed a **\$25.0m cash realisation of its investment in SiteMinder, while retaining 75% of its holding**. The realisation was via a trade at an average price of \$7.21 per share, 4.3% above Bailador's previous carrying value of SiteMinder.

The valuation of this realisation represents an effective IRR of 36.9% and multiple of investment cost of 29.4x on Bailador's investment in SiteMinder.

This realisation provides some rebalancing of Bailador's investment portfolio, with SiteMinder remaining the largest holding. It represents a relatively modest realisation of Bailador's SiteMinder investment, while providing cash availability for additional portfolio investments.

Paul Wilson, Bailador Co-Founder and Managing Partner, will continue to serve on the SiteMinder Board.

Paul said: "SiteMinder remains a pivotal investment for Bailador, combining best-in-class technology infrastructure with significant international growth potential and outstanding management capabilities. We continue to have high confidence in generating long-term returns for shareholders through our sustained investment in SiteMinder."
